
MATH0488 – Stochastic Processes

List of errors and their corrections

Maarten Arnst, Marco Lucio Cerquaglia, and Kavita Goyal

Latest revision on March 30, 2015

This document contains a list of errors that need to be corrected in the original versions of the slides that were put on orbi.ulg.ac.be in advance of the lectures.

If you should find any remaining errors that need to be corrected, please do not hesitate to let either M.L. Cerquaglia, K. Goyal, or M. Arnst know. Thank you very much in advance.
